**THIS MONTH'S
FEATURED SIZZLER**

Bryan Watson handles the "**3D**" light/shot clock and will also operate the "3D" light once there is a turnover in the back court resulting in an additional point added if made per bucket. Run and reset the shot clock when necessary. B-Dub as he is known to most, grew up in KCK with Coach and they have been friends since elementary school. I just admire his loyalty and commitment that Bryan has towards his friends, states Coach Thompson. He is always there when called upon.

June 2021

The KC Sizzlers operate as a 501 (c)(3) entity under the umbrella of ThreeFive, Inc. Our mission is to use our Professional platform to engage our metro young adults and youth from but not limited to Wyandotte, Johnson, Jackson counties in meaningful activities to help them reach their potential both on and off the court as well as to help our semi-pro players pursue their dreams by continuing their education and playing careers at the professional level. Our future after school and summer programs engenders each participant's ability to problem solve and work effectively with others through athletics, fostering proper assertiveness, enhanced communication skills, confidence, discipline, and teamwork.
